[BorisFx Mocha Pro 2019 6.0.0.1882 Crack Mac Osx](#)

La **programación diferida** permite programar el final del programa a una hora determinada, hasta un máximo de 24 horas.

Para modificar la velocidad del **centrifugado** antes y durante el transcurso del programa.

Permite elegir entre un lavado **más ecológico**, ahorrando más energía, o uno **más rápido**, reduciendo la duración más de la mitad.

**Reduce la formación de arrugas** mediante un proceso especial de centrifugado con ahuecado en la fase final y velocidad reducida.

Para seleccionar un **nivel de agua más alto** y ciclo de **aclarado adicional**, en caso de pieles especialmente sensibles o en zonas con agua muy blanda.

Se aconseja el **prelavado** para ropa muy sucia. Recuerda que debes distribuir el detergente en los compartimentos I y II.
